

## **Forklift Electrical Part**

Forklift Electrical Parts - Forklifts as well as other lift trucks could have specific labels utilized in certain hazardous locations. The mark indicates that this certain model of forklift meets the minimum standards of ANSI/UL 553 utilized for electric forklifts or ANSI/UL 558 utilized for internal combustion engine forklifts.

Applications for marked trucks could be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Type Designations, Areas of Use, and Maintenance and Operation. Check with your local insurance provider and Fire Marshall for additional info concerning the approved uses of industrial powered lift trucks in your application.

If the specific lift truck satisfies the outlined criteria, labels could be put. A labeled forklift would show the type of designation located on the nameplate and will have a properly corresponding label put.
