

Rockwell Part

Rockwell Parts - AxleTech International is a premier supplier in the world of specialty vehicle drive-train systems and components together with off highway vehicles. The company prides itself on being its clients' preferred supplier. AxleTech strives to meet and exceed their clients' expectations for delivery, quality, service and technology. They believe in working within an environment that supports the highest integrity with empowered teamwork, together with a unrelenting pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They put great importance on being an environmentally conscious company and offering a safe atmosphere for their employees to work in. In addition, they have applied various programs within the corporation in order to help convey these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with any questions or comments, since they are glad to promote and share this policy with a greater knowledge of their efforts. They are very dedicated to improving and preserving the surroundings. AxleTech has an EHS program which not only protects the environment but which also actively protects their staff and neighbors too.

AxleTech specializes in the designing and manufacture of planetary axles used for both commercial and military applications, that can comprise anything from airport ground support to construction equipment. They take great pride in being an innovative drive-train solutions provider also. AxleTech specially designs axles so as to meet specific application demands. They have over 1000 various axle specs in their present offering. With over 100+ years of history and knowledge, AxleTech proudly supplies the most complete solution for any of your axle requirements. The business is well known in numerous commercial and military applications. They offer complete axle assemblies utilized for aftermarket replacement needs, along with servicing axle needs for OE production. Their high mobility ISAS have extra details which can be found in the "ISAS" product selection.
