

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement since 1959. Whether the work requires transferring loads, positioning heavy steel or landing loads on scaffoldings, utilizing a Lull telehandler would help make the job go easier and faster. These units are available together with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The Lull horizontal load placement system provides 80 inches of boom travel for precision placement capabilities. Various optional accessories is accessible for Lull telehandlers to help finish whichever task.
